## May/June News

As we enter the warmer months, please remind your sons and daughters that our dress code needs to be followed. It can be found on pages 24 & 25 of the CA Student Handbook. All students received a copy of this handbook in the fall, as well as reviewed it with their Social Studies teachers.

If your child is absent from school, we need a note from the parents to be able to input the correct information into our Attendance for NYS. Please make sure that all notes are signed and dated by the parent/guardian.

It is that time of year when students need to put their Brains to the Grindstone and make sure that all of their work is completed, made up and turned in to their teachers. Please check with your son and daughter to ensure that all is well.

We want to make sure that all students are in good standing academically as well as behaviorally. As in years past we will again be checking with all students to schedule any make-up work or consequence time that they need. We want to make sure that they can all participate in every school event.

### Exams and More
