I declare that I am the parent or legal guardian of the child for whom this request is made and that said child is a legal resident of the Coxsackie-Athens School District. To the best of my knowledge the said child is of legal age to attend school in the Coxsackie-Athens Central School District.

_____ _____
Date **Signature of parent or guardian**

Section 3635 of the New York State Education Law provides for school districts to transport elementary and high school students to public, private and parochial schools. Children of school age in New York State may attend private and parochial schools when the schools in question meet the health, safety, and educational requirements of the Commissioner of Education and the State of New York. Transportation will be provided by the Board of Education of the Coxsackie-Athens Central School District to all resident children who legally attend approved non-public schools. Children may not be transported if they live less than one half mile from the school they attend (K-6), less than one and one half miles (7-12), and more than 15 miles (K-12). A child must reach his/her fifth birthday by December 1st in order to be eligible for transportation. Mileage is measured from the pupil's home to the school they legally attend. Transportation for the parochial school is to the nearest available parochial school of the particular denomination. All requests for transportation of resident children to non-public schools are due in the office of the Board of Education of the Coxsackie-Athens School District, no later than April 1st of the school year immediately preceding the school year in which the transportation is to be initiated in.

One District, One Mission, One Vision for Every Student
